

Pentel Imprint™ Canada

Make the *White* Impression.

PENTEL'S GUIDING PRINCIPLES

Pentel's mission has been to enable self-expression with its drawing and writing instruments.

Pentel was founded by Yukio Horie just after the end of World War II at a time when the country was recovering from devastation and morale was low. Mr. Horie felt a sense of duty to help heal the world by creating tools that enable people to give form to their inner thoughts and feelings—cultivating the joy of expressing themselves.

He based the direction of Pentel on these six principles we still live by today:

BENEFIT SOCIETY Contribute to community and country through our corporate activities.

BUILD TRUST Accumulate universal trust through product reliability.

SERVE OTHERS Conduct ourselves with a manner of gratitude and service with others in mind.

INNOVATE Nurture a culture of new ideas and research.

PROSPER Strive for prosperity of the company and its employees.

VIRTUOUS Cultivate a virtuous character and affable personality.

Today at Pentel, our purpose is as relevant as it was many years ago. We still follow our guiding principles and continue to provide quality writing instruments so that all generations can express themselves, stand up for social justice, and help communities thrive.

PENTEL FOR THE PEOPLE. PENTEL FOR THE PLANET.

We at Pentel Imprint, invite you to discover how we have honed our expertise to create quality and innovative writing instruments over the past 70 years. In this promotional product catalog, you will find products that are made to last with unique ink formulas which are distinctly Pentel's.

WE WANT TO HELP BRANDS LAST LONGER.

Crafted with durability, functionality, and ergonomics, Pentel is the only company in its industry to be awarded the Deming Prize, the highest Total Quality Management (TQM) recognition body in the world. Placing your brand on Pentel Imprint products are sure to be appreciated by customers and end-users for a long time.

WE VALUE PEOPLE.

Our distribution partners who determine and recommend the best products that meet customers' needs and exceed their expectations. Experts in the trade who source, provide, and follow-up on products and customer satisfaction. You help us grow, become better, and succeed. Thank you for representing Pentel.

PEOPLE WHO RELY ON PENTEL INSPIRE US.

We are motivated by the many end-users of Pentel products. Our consumers who demand not just excellent writing instruments but appreciate the manner in which we build our products, the values we stand for, and how we make a difference in our community. You, our Pentel patrons, are the reason we never stop discovering the best.

THE PEOPLE BEHIND PENTEL IMPRINT MAKE GOOD THINGS HAPPEN

Starting with our customer service team who are committed to providing the highest level of support, to our graphics and printing teams who are passionate about creativity and precision, up to our senior leadership team who propels us to always raise the bar and anchors us to the core principles our company is built on. We appreciate you.

WE CARE FOR OUR PLANET. WE CONTRIBUTE TO OUR COMMUNITY.

We are mindful of how we leave the planet for future generations. We make our products refillable and reusable so they don't end up in landfills. We place great emphasis on our Recycology™ program that requires products to be made from at least 50% recycled materials. Our parent company supports cause-worthy organizations where a portion of the proceeds from select writing instruments go towards research for breast cancer cure, in hopes that in our own humble way, we're helping make a difference.

LOOKING FORWARD

We at Pentel are confident that mankind is resilient and will adapt to a "new normal." We wish all of you better days ahead and enjoin you to keep taking steps toward what is good for the people and what is good for the planet.

MAKING A LASTING IMPRESSION

For over 70 years, Pentel® has supplied the world with high quality writing instruments. As a pioneering manufacturer, Pentel was the first to develop graphite lead and our Super hi-Polymer lead remains the most popular in the world. We also invented roller ball technology – the smoothest way to express ideas; as well as a variety of mechanical pencil inventions that are the hallmark of the industry.

We take pride in our craftsmanship and control the manufacturing process by producing every mechanical pencil, lead, eraser and pen in our own factories. No other manufacturer can match this commitment to excellence. In fact, Pentel is the only writing instrument company to ever receive the Deming Award in recognition of the highest standards of quality. Plus, we back all of our products with a limited lifetime warranty against mechanical defects to ensure you remain a happy Pentel user for as long as you keep writing.

We are equally committed to the environment and responsible manufacturing. Our Recycology™ products are environmentally friendly writing instruments that don't cost a fortune. Every product is produced from a minimum of 50% recycled materials and nearly all of them are refillable, reducing landfill contributions and saving you money.

Placing your brand on a Pentel writing instrument demonstrates a commitment to quality, performance and the environment that your employees and customers can appreciate and use for years to come.

We thank you for your business.
